

About OBV

OBV acts as a vital intermediary, assisting qualified investors and emerging technology companies in the process of deploying and raising capital. Our core guideline is to act as a trusted and transparent, yet independent and flexible institution. We encourage our team of professionals to be creative and prolific dealmakers as demonstrated by our record of successful transactions. Uniquely, our team is carefully comprised of individuals who have gained substantial commercial experience and expertise and have demonstrated their skills in successfully negotiating and closing a variety of high-profile transactions.

Our Services

Technology Startups Funding

We assist Israeli technology and life sciences companies in their quest for substantial equity financing (min. ticket of \$2M) by introduction to quality funding sources tailored to fit.

Mergers and Acquisitions

We specialize in scouting, planning and managing M&A transactions in the industry, technology and commerce sectors from scouting target companies to a successful closing.

Investors Linkage

We act as a trusted entry point for investors looking to capitalize on Israeli innovation. Constantly investigating opportunities in all verticals to offer tailored and creative investment opportunities.
